ORDER:

To ensure complete supervision over the supply chain of liquor in terms of track and trace mechanism there is a need to establish end-to-end complete integrated excise management system. Accordingly, the Director, Prohibition & Excise, has prepared and submitted the proposal along with draft RFP for a track and trace cum Integrated Excise Management System based on the evolution of the existing Track and Trace system such systems followed in other States.

i. The RFP consists of both supply of Holographic Excise Adhesive Label and Software for end to end Track and Trace solution cum Integrated Excise Management System unlike the existing system.
ii. This RFP covers HEALS for Beer bottles also.
iii. Advanced mobile application for shipment tracking, enforcement, and end-user verification are incorporated.
iv. While all the Track and Trace items are covered under Phase-I of the scope, the modules relating to regulatory functions such as renewals, allotments of ENA, RS, DS, Molasses, permits, etc., are proposed to be covered under Phase-II.
v. The eligibility criteria such as experience, projects completed, annual turnovers, etc are proposed based on the GFR and Manual for Procurement of Services and Goods issued by Government of India, Ministry of Finance, Department of Expenditure in June 2024.
